# How To Use This Booklet

This is not a test. There are no wrong or right answers. Your answers will tell about the kind of work you like best.

On each page of this booklet there are groups of three pictures in a straight row, just like the three pictures at the bottom of this page. Look at the example, below. If you liked best the picture of building a wall, you would make a **large circle** on this picture just like the one made in the example. You can only choose **one** picture in each group of three, so choose the one you like the best.

If you like all three pictures, you must decide on only one, so make a large circle on the picture you like best. If you do not like any of the three pictures, choose the one you would do for only a very short time.

There are 55 rows of pictures of people working at different jobs just like the pictures at the bottom of this page. Be sure you **circle one** picture in each group of the 55 rows of pictures.

Turn the page and begin.
